

LYNDEN AG SHOW

2026

NORTHWEST WASHINGTON FAIRGROUNDS
December 2 & 3, 2026

www.lyndenagshow.com

PRESENTED BY

WASHINGTON STATE UNIVERSITY

WA BLUEBERRY COMMISSION

WA RED RASPBERRY COMMISSION

WA SEED POTATO COMMISSION

The Lynden Ag Show is Western Washington's largest agricultural trade show and the premier gathering for berry and potato growers across the Northwest. Featuring the WA Small Fruit Conference and NW Potato Conference, both programmed by Washington State University, this event delivers expert content alongside unmatched networking opportunities.

For vendors and sponsors, the value is clear: a highly focused, engaged audience all in one place. Growers rarely get the chance to step back, connect with peers, and discover new partnerships — and that's exactly what Lynden Ag Show makes possible. Don't miss your opportunity to reconnect with existing clients and build new relationships at an event that keeps growing stronger every year.

PURPOSE

Education

A 2 day of education and innovation showcase featuring updates on latest research by top researchers. Offering pesticide credits for WA, OR, and BC as well as Worker Protection Training and Food Safety workshops

Community

Over 500 attendees including researchers, growers, and industry partners throughout the Northwest gather to network, share information, and forge lasting connections within the agricultural community in one convenient space.

Innovation

Over 60 vendors exhibit the latest technology and equipment in industries from agronomy to water monitoring. Industry members collaborate with researchers and manufacturers to improve efficiencies and minimize production costs.

PROGRAM HIGHLIGHTS

- Cultivars and Advance Selections
 - Disease, Weed, & SWD Management
 - Berry Pathology Updates
 - Heat Stress and Management Options
